

Systems Engineering Test & Evaluation Tutorials 2021

Wednesday 26 May 2021 (Tutorials)

Start	End	Duration			
07:30	09:00	01:30	Registration		
08:00	08:30	00:30	Session chair and conference presenter briefing		
09:00	10:30	01:30	TUTORIAL 1 An Introduction to Systems Principles and Concepts foundational to the Engineering of Systems Jawahar Bhalla	TUTORIAL 2 A best practice methodology for the design of complex capability systems Mark Egler	TUTORIAL 3 Test & Evaluation of a modern military pilot training environment modelled as a system of systems Tim Grabert
10:30	11:00	00:30	Morning tea		
11:00	12:30	01:30	(Tutorial 1 cont'd)	(Tutorial 2 cont'd)	(Tutorial 3 cont'd)
12:30	13:00	00:30	Lunch		
13:00	14:30	01:30	TUTORIAL 4 Systems Engineering for Critical Telecommunications Solutions John Risson	TUTORIAL 5 Ethically aligned experimentation and T&E A human centric view of complex military and safety critical systems K.Joiner & G.Tutty	Handbook Progresss & Update on the Systems Engineering Handbook
14:30	15:00	00:30	Afternoon Tea		
15:00	17:00	02:00	(Tutorial 4 cont'd)	(Tutorial 5 cont'd)
